

## USB Type-C MultiStream and HDMI Matrix Switcher

Taurus UCX seamlessly extends your BYOD (Bring Your Own Device) device's display to two screens simultaneously, eliminating the hassle of managing multiple cables and cables. Our innovative technology delivers two independent screens through a single USB-C cable, ensuring a clutter-free and streamlined workspace.

## Details

**Elevate Your Meeting Experience with Seamless Dual Screen Connectivity: Discover the Power of Taurus UCX.**

**Unleash the full potential of dual screens in your meeting room with Taurus UCX, a revolutionary device that empowers you to achieve exceptional collaboration and productivity.**

### Effortless Dual Screen Expansion

Taurus UCX seamlessly extends your BYOD (Bring Your Own Device) device's display to two screens simultaneously, eliminating the hassle of managing multiple cables and cables. Our innovative technology delivers two independent screens through a single USB-C cable, ensuring a clutter-free and streamlined workspace.

### Unparalleled Resolution and Versatility

Experience exceptional clarity and detail with Taurus UCX, supporting resolutions of up to 2x 4K at 60Hz. Whether you're presenting high-definition documents, engaging in video conferences, or showcasing intricate designs, Taurus UCX ensures your content is displayed with stunning precision.

### Powerful Charging and Comprehensive Connectivity

Maintain your BYOD device's battery throughout your meeting with Taurus UCX's 100W charging capability. Additionally, enjoy seamless connectivity with Gigabit Ethernet, enabling you to remain connected to your network and access data seamlessly.

### Unified Compatibility for Streamlined Integration

Taurus UCX seamlessly integrates with a wide range of BYOD devices, including Apple Macbooks, Windows laptops, and tablets. Our technology automatically detects and optimizes the connection for your specific device, ensuring a consistent and reliable experience across all platforms.

### Enhanced Meeting Room Functionality with LARA

Elevate your meeting room's capabilities with LARA, the included software that simplifies meeting room integration tasks. LARA offers native integration with Microsoft Teams Rooms, enabling seamless switching between screens during calls and ensuring a streamlined collaboration experience.

### Revolutionize Your Collaboration Experience with Taurus UCX

Transform your meeting room into a powerhouse of productivity and innovation with Taurus UCX. Experience the freedom of dual screen expansion, enjoy unparalleled resolution and connectivity, and benefit from seamless integration with a wide range of devices and technologies.

**Embrace the Future of Collaboration with Taurus UCX and elevate your meeting room to new heights.**

**Also available with NIST FIPS 140-2 certified cryptography (SKU: 91360031)**

## Features

- Multiple USB 3.1 Gen 1 connectivity for any type of USB devices (Camera, speakerphone, touch monitor, USB-HID devices etc...)
- Multistream DP Alt Mode and DisplayLink supported
- Smart & noiseless cooling system
- CEC at the HDMI outputs (from Firmware V1.4)
- MultiStream USB-C input connectivity for 4K Video, Audio, Data, and Power
- Variant available with NIST FIPS 140-2 certified Lightware Crypto Core (UCX-4x3-HCM40-LCC, SKU: 91360031)
- Separate USB 3.1 Host switching layer for multiple USB hosts and USB devices
- Dedicated secure corporate and room utility Ethernet connectivity
- Supports HDMI 4K signal formats (4K UHD @60Hz RGB 4:4:4, up to 18 Gbps)
- USB-C charging up 100W
